Sectional Raised Panel Doors

Ideal for situations that demand a residential look in a commercial size, Commercial BuildMark and TradeMark give you a choice of raised panel options to match your residential door. Door sections are a full 2” thick and give commercial durability with a residential look and woodgrain finish. Commercial BuildMark and TradeMark designs match our Advantage Series™ residential doors.

Commercial BuildMark®
The clean lines of colonial, ranch or flush panels add charm in an economically priced panel or insulated door, or choose the carriage house option for a distinctive look.

Commercial TradeMark™
The combination of durable, 24-gauge steel, defined raised panel styling and authentic woodgrain texture gives fantastic curb appeal.
Commercial BuildMark®

When your building needs a classic raised panel design, Commercial BuildMark offers the aesthetic of a residential door, combined with the strength of a commercial door.

Features

Section Joints
Strong, roll-formed tongue-and-groove meeting rails seal out wind, rain, and snow, keeping your garage dry and secure.

Authentic Woodgrain
Authentic woodgrain texture on the door’s exterior adds visual appeal.

Hardware
Track formed from strong galvanized steel, paired with durable, long-wearing steel rollers ensures smooth, quiet operation.

Commercial TradeMark™

Durable steel with a defined raised panel styling and authentic woodgrain texture provides a perfect solution when exterior appearance is important.

Model Options and Upgrades

Insulation
Optional energy-saving core of polystyrene insulation provides added comfort and helps keep your garage quieter.

Header Seal
Header seal reduces air infiltration and energy costs by sealing the top of the door against the header. Available in EPDM rubber, vinyl or climate seal.

Jamb Seal
Helps to decrease energy costs and reduce air infiltration by sealing the side of the door when closed. Available in EPDM rubber, PVC or climate seal.

High-Cycle Counterbalance Systems
For reliable operation in high traffic areas, choose high-cycle torsion springs with 25,000; 50,000 or 100,000-cycle life. For reduced maintenance and ultra-smooth operation in heavy-use applications, choose a weight counterbalance system.

Locks
In applications where control and access are important, choose from a variety of locking options to help keep your building secure. Locks come in both inside and outside variations.

LIMITED WARRANTY: Commercial BuildMark and TradeMark door sections carry a 10-year limited warranty against rust-through. See your local Raynor Dealer for complete details.
Commercial Operators
Raynor ControlHoist™ 2.0 (with solid state logic board control) and PowerHoist™ operators are available in a variety of motor, voltage, and phase combinations for any commercial or industrial application. Contact your local Raynor Authorized Dealer to select the operator and accessories that are suited for your door's size and usage.

Raynor Door Options
Raynor also offers a full line of sectional, rolling, fire, high performance and traffic doors, as well as security grilles. See your Raynor Dealer or visit www.raynor.com for more information.

Professional Installation and Service
Depend on your Raynor Dealer
When you select Raynor, you’re not just getting a superior garage door - you’re also getting professional garage door installation and service expertise.

Every Raynor garage door is installed by a trained Raynor professional, and that means added benefits for you. First, you won’t have to deal with it yourself. Second, because it’s done right the first time, your door will deliver performance and reliability from the day it’s installed. Your technician will check your door for everything from safety to performance and appearance. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.
